

Chrome Web Inspector

(Chrome Menu -> Tools -> Developer Tools)

URL: <http://bronx.herokuapp.com/hi.html>

The screenshot displays the Chrome Web Inspector interface. The top section shows a web browser window with the URL bronx.herokuapp.com/hi.html in the address bar. The page content includes a penguin illustration, the text "hi, everybody!", a "Registration" button, and two links: "I like eating" and "I like singing".

Four red arrows point to specific features:

- URL Location**: Points to the address bar.
- Chrome Menu**: Points to the Chrome menu icon (three horizontal lines) in the top right corner.
- HTML Source**: Points to the "Elements" panel, which shows the DOM tree. The selected element is a `div` with `id="main"`, containing an `img`, an `h1`, an `a` (Registration), and a `ul` (I like eating, I like singing).
- CSS Styles**: Points to the "Styles" panel, which shows the computed styles for the selected element. The styles include `text-align: center;`, `background-color: #82C1FF;`, `width: 600px;`, `height: 460px;`, `margin: 0 auto;`, `border-radius: 5px;`, and `text-align: center;`.

The bottom of the interface shows the "Console", "Search", "Emulation", and "Rendering" tabs.
